- 1 Cheese dip pineapple ginger
- 1 Nut mix
- crackers
- Fresh fruit

Preparation

Create a festive luxury drinks board with Henri Willig's cheeses!

The following cheeses were used for this cheese board:

Green pesto - young cow cheese with green pesto, Goat gold - mature goat cheese, Tremendous truffle - young mature cow cheese with truffle.

The goat cheese here is placed on a cheese curler that can be used to make beautiful cheese 'flowers'. The pineapple ginger dip is an ideal combination with this cheese. The green pesto and truffle cheese can be cut into dots and strips. Fill the board with the cheeses and alternate with fresh fruit and raw vegetables. Think apple, grapes, carrot and cucumber, for example. Finally, add fresh nuts, olives and crackers.

The result is a beautiful and tasty drinks board!
